

AGENDA

PacMOSSI Virtual Annual Meeting

13 – 14 May 2025

Meeting objectives:

1. Update on PacMOSSI consortium progress on strengthening mosquito surveillance and control in the Pacific;
2. Review dengue control activities and implementation experiences in selected Pacific Island Countries and areas;
3. Detail planned PacMOSSI activities for 2025-2028 in focus areas of work; and
4. Briefing from key partners on their support to vector surveillance and control in the region.

Meeting agenda:

Timezone: Brisbane, Australia, GMT+10
